

## Foundtions

Professional beekeepers value strength and reliability. Their plastic frames and foundations of choice are Genuine Pierco products. They know that Pierco stands for American quality.

## Drone Frames

- IPM method for Varroa mite control
- Perfect for queen breeding

Visit us at:

[www.Pierco.com](http://www.Pierco.com)

## Frames

- Increased honey production
- We use FDA food grade plastic resin
- High grade beeswax coating

Did you wait too long to order your frames and foundations? Is everyone out of stock now? Not Pierco, we strive to serve you best by always having stock on hand. Give us a call and see what we can do for you today.

## Ready2Go™ Pack

The perfect gift  
for the hobbyist  
in your life!
